Eu sei que você está cansada de sábado porque não foi pra balada, mas é hora de mudar isso. A noite começa às 22h e o Pagode continua aberto até 0h. Estamos na Riviera do Oeste, então aqui é bem divertido. Vem curtir com a gente!

This post will teach you how to have a great night out on Saturday night and what to expect at the club. It will review what the tune of the night is and include a few tips for a fun Saturday evening out on the town. Before the party even begins you have to have a plan where you can meet your friends at. You can either meet at a bar or do as the other students do and just show up around midnight. Usually around this time people will already be out front of the club because it is a little difficult to get to. The staff will let you know when it is your turn to go in so its best to talk with anyone going because if there is a problem they will let you know about it as soon as possible. When arriving at the club its best to show up early so that there is no line and still be able to enjoy yourself without waiting too long or having any wait outside. Once you get in there is no need to worry about where to go because the staff will tell you and escort you to the right location. Usually if the club is normally crowded it will be easy to find a spot near the dance floor, but if it is not crowded then just continue on and dance around the room until you find a spot where everyone is having fun, like on top of tables or chairs near the DJ booth. During your night out it is important to know that alcohol will be available during the entire time there. If you drink water you'll make sure your body doesn't get dehydrated. So, in order to get the full experience it is best that you drink alcohol. You can get beer, whiskey, vodka or wine. Just remember to not drink too much because at the club there will be security. If your friends want to go home early they usually will stay until 1am and then leave anyway because they are able to catch an uber back home by themselves. If you are still feeling fine after drinking you should go out because it will make it easier to let loose and have fun with all your friends outside of the club waiting for cabs to come by. The best way to get a dance partner is to dance off. The music the DJ plays is the key because you'll have a good chance of meeting someone there. You can ask anyone if they are looking for a partner or just wait until someone comes by and ask them if they want to dance. When you are on the dance floor all you have to do is start dancing and look for someone who will want to take you home with them so they can see what it's like. There are not really any tips that can be given about meeting people at these kinds of club because it just depends on how the night goes for you.
